NeroGiardini

 MADE IN ITALY

The background of the advertisement is a lifestyle photograph. It shows a person's legs wearing white sneakers with red socks, sitting on a grey rug. To the left, a hand holds a tablet displaying the NeroGiardini website, which features a high-heeled shoe. To the right, there is a blue denim bag with brown leather straps and a small leather patch with the brand name. In the background, there are large green monstera leaves and a tall, thin, light-colored vase.

BRAND STORY

This is NeroGiardini

A small workshop in the Marche region. A clear idea: to create footwear entirely made in Italy.

Growth built on craftsmanship, quality and deep attention to detail.

The development of a retail network that brought the brand closer to its customers.

An integrated production model that strengthened manufacturing expertise and quality control across every collection.

Fifty years of Italian know-how.

A new chapter focused on bringing authentic Italian style to a wider international audience

MADE IN ITALY

THE ART OF ITALIAN CRAFTSMANSHIP

True quality reveals itself over time.

For over 50 years, NeroGiardini has combined artisanal expertise, certified materials and advanced comfort technologies through a fully controlled production process.

Pair-by-pair quality checks, traceable production and continuous refinement transform Italian craftsmanship into footwear designed for everyday elegance and lasting performance.

NeroGiardini
MADE IN ITALY

THE ITALIAN ART OF NOT HAVING TO CHOOSE

Real life rarely asks you to pick one thing.
Style or comfort. Work or leisure. Polish or ease.

Our collections reflect this reality through versatile designs, refined materials and footwear that moves naturally through different moments of the day — without asking people to choose between them.

MADE IN ITALY

COMFORT INNOVATIONS

NeroGiardini shoes are designed to guarantee maximum comfort and feature removable anatomical insoles that ensure long, comfortable wear even during intensive use.

MEMORY FOAM

The special **Memory Foam** insoles are made of high-tech material lined with natural leather in contact with the foot. This advanced foam effectively absorbs shock due to the contact between the foot and the ground. Besides having excellent breathability, it is antibacterial and absorbs moisture and sweat, thereby keeping the feet comfortable and dry.

MEMORY FOAM ADVANCE

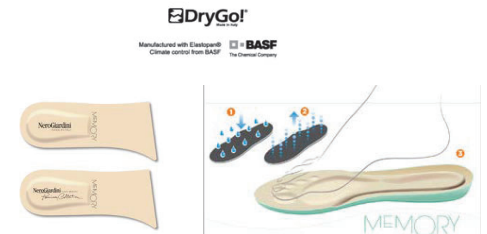

The new Memory Foam Advance polyurethane insole features a **soft fabric lining** that ensures superior comfort, providing exceptional cushioning and all-day support that makes every step feel effortless.

Removable insole

DRYGO! MEMORY FOAM TECHNOLOGY

The DryGo! polyurethane insoles feature a breathable **natural leather surface** combined with the innovative Memory high shock-absorbing function, which gently moulds to the foot ensuring lasting comfort and well-being.

SPRING SUMMER 2027 — WHAT THE MARKET IS SAYING

Fashion continues to move towards a more personal, less formal approach to dressing.

Across international collections, the focus has shifted to **relaxed sophistication, elevated everyday wear** and pieces designed to transition naturally between occasions.

For footwear, six directions are shaping the SS27 season

SOFT WESTERN INFLUENCE

Texan-inspired silhouettes reinterpreted through lighter constructions, softer materials and cleaner proportions. The shape remains; the attitude becomes more wearable.

ELEVATED SNEAKERS

Sneakers remain one of the strongest categories of the season. The shift is towards premium materials, considered colour combinations and a fashion relevance that goes beyond sport.

QUIET GLAMOUR

Metallic finishes, subtle shine and light-reflecting details that add personality without excess. Gold, silver and platinum used with restraint.

MODERN PREPPY

Modern preppy
Loafers, lace-ups and structured silhouettes return with a more relaxed, contemporary attitude. Less formal, more intentional.

NATURAL TEXTURES

Suede, woven effects, raffia-inspired details and tactile materials reinforce the connection between craftsmanship and authenticity. Touch matters again.

VERSATILE DRESSING

Consumers increasingly favour products that adapt easily across occasions. The brief is simple: one shoe, many moments.

NeroGiardini

The SS27 palette reflects the collection itself: natural, versatile and easy to integrate into everyday wardrobes.

CRAFTED THROUGH TEXTURE

For PE27, materials are not a background detail — they are a defining design element.

The collection combines:

- **Soft genuine leathers,**
- **Velour and suede finishes,**
- **Naturale-inspired textures,**
- **Lightweight fabrics and**
- **Subtle metallic effects**

to create depth, character and a quality that is felt before it is seen.
